## **CMS RESUMES ROUTINE INSPECTIONS FOR NURSING HOMES**

On August 17, 2020, The Center for Medicare & Medicaid (Medicare in CA) Services issued a memo stating that they are resuming routine inspections for all Medicare and Medicaid-Medical certified nursing home providers.

In response to COVID-19, CMS had suspended some routine inspections in order to prioritize infection control and immediate jeopardy complaints. The memo provides guidance to State survey Agencies on resolving enforcement cases that were being held during the prioritized period.

FATE has numerous complaints pending that should now be resolved.
